

# Membership Application

COMMON offers three types of membership: Corporate, Individual and User Group.

## Corporate Membership

## Individual Membership

Individual membership gives you the exclusive benefits of being a COMMON member. It provides all the membership benefits that COMMON has to offer to the individual only and is non-transferable. Cost is U.S. \$156\* per year.

## User Group Membership

Available only to Local User Groups (LUGs), Affiliated User Groups (AUGs), colleges and Sister User Groups (SUGs). One person is designated as the official representative and will receive all member mailings and notifications. Similar to corporate memberships, user group members may take advantage of COMMON resources with this type of membership. Cost is U.S. \$395 per year.
